

COVER MATERIAL CATALOG 2023

Bull leather

Genuine bull leather in beautiful robust typical leather colors. This high quality leather comes from European bulls, and is finished with a wax to preserve its characterfull appearance. Real leather is a product of nature. That's why each skin is different and has a slightly different appearance. This collection of Bull leather has lots of natural creases and is full of character. Each piece of leather has a different drawing. A truely luxurious appearance which will give your photo album an unmistakably high quality look.

Nappa leather

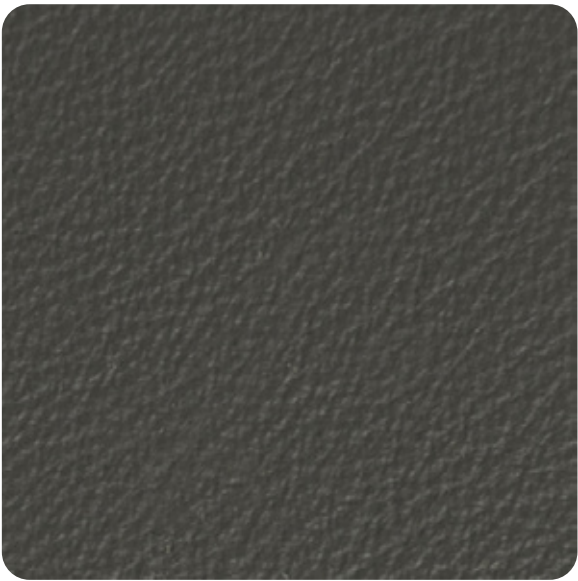

Elegant genuine leather in softer colors. Nappa leather has a finer leather texture and is dyed through and through to get an even consistent color. Only the best skins have been selected, with the least amount of scratches and insect bites. Nappa leather is available in a wide range of colors, and give your album a high quality look. And nothing beats the smell of reall leather.

Natural Linen

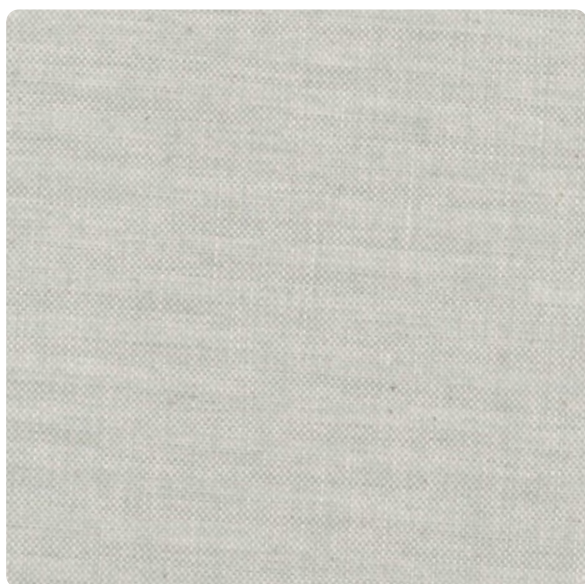

The Natural linen collection looks beautifully timeless. Because of the natural colors and texture it is a very good option for a photo album cover. It has a slightly wider texture than the other linen materials. And Natural linen has a more uneven texture, which give your album an elegant and timeless look.

Coated linen

Beautiful linen with a classic looking pattern and protective coating. A perfect choice to use as album cover material, since it is well protected against stains and grease. It is moist and dirt repellent. Our coated linen has a fine texture to it. The linen is evenly dyed, but does not look plain. The Coated linen feel smooth and looks elegant on the cover of a luxury photo album.

Effen linen

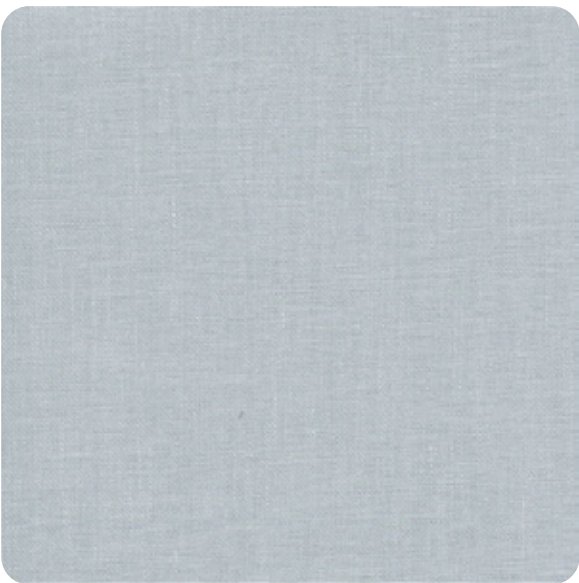

This collection of linen has a finer texture, and a more even color. A plain linen available is softer color tints. Effen linen feels like you would expect from a soft linen fabric. It is a popular option due to the softer colors.
